The main header reads 'COMMERCIAL AVIATION ALTERNATIVE FUELS INITIATIVE'. A navigation bar includes 'HOME', 'ABOUT', 'FOCUS AREAS', 'TOOLS', 'RESOURCES', and 'NEWS'. The 'TOOLS' menu is expanded, listing: 'PATH TO ALTERNATIVE JET FUEL READINESS', 'PRESCREENING GUIDANCE', 'FUEL READINESS LEVEL', 'FEEDSTOCK READINESS LEVEL', 'GUIDANCE FOR SELLING AJF TO AIRLINES', and 'ENVIRONMENTAL READINESS'. The main content area features a 'Funding Opportunities' section with links to DOE Award, USDA NFO, DOE/SC/BER FOA, RFI, and RFI/NOI. Below this is a 'Recent News' section with links to Gevo and Delta, Aemetis, British Airways, and Shell. A 'Focus Area Navigator' at the bottom has a grid of numbered buttons (1-7) with button 1 highlighted.
