

A young child with long hair, wearing a black and white plaid shirt and blue jeans, is standing in a lush green field. The child is reaching up with their right hand towards a green toy airplane that is suspended in the air above them. The background shows a clear blue sky and a line of trees in the distance.

Sustainable Aviation Fuel: Business Aviation CAAFI CBGM 2022

Lana Van Marter, IAP, AAE | Neste

Aviation urgently needs a sustainable solution. SAF is a **today** solution.

Neste MY SAF reduces
GHG emissions by up to

80%

over the life cycle

Made from

100%

waste and residues,
such as used cooking oil

Drop-in solution
requiring

zero

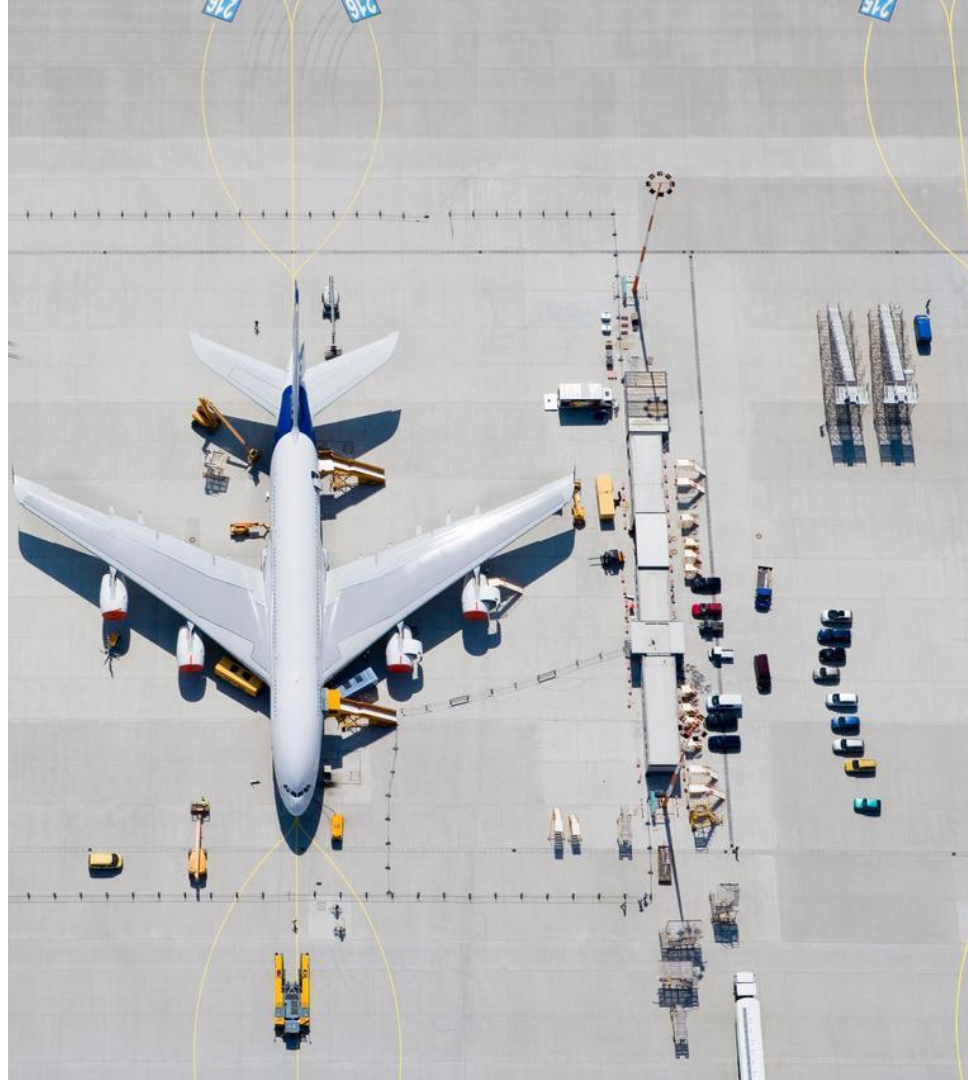

additional investment
in infrastructure

Neste MY Sustainable Aviation Fuel for Business

A real and direct solution for reducing business air travel emissions now.

- Cut business travel emissions
- Additional voluntary demand
